HARDING IN ALL DAY CONFERENCE WITH LEADERS

Nominee and National Committee Members Discuss Plans

HAYS ISSUES STATEMENT

WASHINGTON, June 21.—Senator Harding, Republican presidential condidate, Chairman Hays and members of a sub-committee of the Republican national committee discussed campaign plans at a conference which lasted all of today and far into the night, the first formal meeting between the nominee and members of the committee.

While it was in progress Mr. Hays issued a statement praising both Senator Harding and Governor Collidge as men measuring "up to every requirement of a presidential candidate" and informally approving the senator's intention of conducting a front porch campaign.

"I'm strong for Senator Harding on the front porch campaign plan,' Mr. Hays said, adding that Governor Coolidge held a similar attitude. Such a method, he asserted, "is the only proper way for running a presidential campaign."

Considerable time was devoted by the conferees to consideration of the personnel of the executive committee which will be in direct charge of the campaign. Under a rule adopted by the Chicago convention this committee is to be increased from ten to fifteen members the new ones to be women.

Mr. Hays informed newspapermen the center of activity in the conduct of the campaign would be Chicago where he expects to spend most of his time. He said, however, the New York office would be no less important that it had been in the past. Headquarters alsoo will be maintained in Washington and San Francisco with a branch office in Denver.

In declining to discuss issues, Mr. Hays said he felt compelled to do so until Mr. Harding had made his acceptance speech. The chairman said he expected Harry M. Daugherty, Senator Harding's pre-convention campaign manager to take more than an advisory part in the campaign and intimated he would be emade member of several committees. In his statement Mr. Hays said:

"Senator Harding possesses just those vital qualities of mind and heart necessary today. His poise of mind, his soundness of judgment, his hold on fundamentals, his appreciation of the needs of today and of tomorrow, his love for the people and his faith in them, his magnificent grasp of large affairs, his great native ability and his training in statesmanship, his regard for the opinion of others, his experience and success in the handling of men, his proper appreciation of his country's position as a responsible factor in the eworld's future but with the fullest realization of the importance of our own supreme nationalism, his Americanism, his right eous character and manhood and his thoro humanness qualify him for the tremendous responsibilities which will soon be his. He will make a splendid candidate and a great president.

"Too, in Governor Coolidge we have a candidate for vice-president that measures up to every requirement of a presidential candidate."

Mr. Harding also held conferences with Senat or Kellogg of Minnesota; former Senator Beveridge of Indiana, former Senator Butler and Judge Peter C. Pritchard, of North Carolina.

All pledged their support in the campaign.

The dates for the two notification ceremonies were decided on today at a conference here in which Sneator Harding, Chairman Hays and a sub-committee of the Republican national committee participated. Whether Governor Coolindge would be notified in Boston or at his home in Northampton was not announced.

The conference also agreed on an executive committee to have general charge of the campaign but its personnel will not be made public until tomorrow in order to permit Chairman Hays to communicate with the proposed members.

It was understood, however, that among the members appointed was Harry M. Daugherty, of Columbus, Ohio, pre-convention campaign manager for Senator Harding.

PREMIERS DEMAND EXECUTION OF CLAUSES OF VERSAILLES TREATY

Letter Will be Sent Germany Refusing to Allow an Army of 200,000

BOULOGNE, June 21.—(By The Associated Press.)—The conference of the premiers will tonight or tomorrow send to Germany a letter demanding execution of the disarmament clauses of the treaty of Versailles. It is understood to be a categorical refusal to allow Germany to maintain an army of 200,000 men.

This letter, which Marshal Foch and Field Marshal Wilson finished drafting at noon was taken up by the council this afternoon. The conference also discussed reparations and the Turkish situation at this session. The financial experts fix the maximum total sum Germany is to pay with interest in annuities at a minimum of 3,000,000,000 marks gold, which is susceptible of increase in proportion to Germany's economic recovery and increased capacity to pay.

While the members seem agreed as to the amounts and conditions of payments they do not agree as to the division of the reparations among themselves because of Italy's demand for twenty per cent instead of seven, originally alloted. Both the reparations and Turkish questions will be further considered tomorrow.

Altho the Hythe meeting resulted in an agreement regarding Greek military activities in Turkey the econference has not yet reached a decision on this subject. The delegates hope to conclude the conference so that they may be able to leave Boulogne Tuesday evening.

"The conference also approved the military measures agreed upon by Marshal Foch and Field Marshal Wilson to meet the situation in the region of Constantinople and the Dardanelles.

"A decision was reached to call Greek, Polish, Portugueese, Roumanian, Czecho-Slovakian and Jugo-Slav delegates to the Spa conference to discuss with the allies questions affecting them."

CHIEFS EXPECT HARD STRUGGLE OVER PLATFORM

Wet Democrats Will Attempt To Modify Prohibition Act

BIG FIGHT IS EXPECTED

SAN FRANCISCO, June 21.—With the opening of the Democratic national convention a week away activity was noticeable about hotel headquarters today in addition to the preliminary work at the auditorium where the delegates will gather.

It took the form an informal discussion between national committee members and state leaders on the ground devoted chiefly to anticipated struggles with platform building. There was virtually no talk as to presidential candidates. A plain intimation ran thru this under current of platform talk that proposals to modify the federal prohibition enforcement act were expected by some of the Democratic war horses to share honors with, if not to eclipse, the league of nations issue. Nobody had any direct statement to make or was talking for publication. Some of those who will have a hand in shaping the platform, however, talked much privately of a popular demand that the doctrine of state's rights should apply to beer restrictions.

Taken in connection with the announced purpose of W. J. Bryan to resist any weakening of prohibition enforcement measures the talk brought to the surface the feeling of prominent Democrats already here that a fierce battle on the point in the resolutions committee was not to be avoided. They believed also that ultimately the question would be fought out on the convention floor.

Discussions of the league plank apparently awaited the arrival of Senator Glass of Virginia, slated to head the resolutions committee and who is coming direct from a conference with President Wilson. The contest over the league issue already has been sharply defined in the conflicting views of the president and Mr. Bryan and talk about the hotel lobbies today did not disclose great immediate interest in the questions involved.

The name of Senator Walsh of Montana was injected into the discussion today of the probable permanent chairman of the convention. The Montana senator was mentioned by a number of leaders in a tentative way, altho others said they believed Secretary Colby of the state department wouldbe the man urged by administration forces despite his statement that he was not a candidate for the post. No delegations have appeared yet except for a state leader here and there, coming ahead to arrange accommodations and to look over the ground and pick up ideas. There is little about the city as yet to indicate it is to play host to its first national political convention. The wires were busy today, however, with reports of delegations enroute and every arriving train added to the group of well-known figures in Democratic circles assembling about headquarters of the national committee.

Challenges Wilson's Claim To Democratic Leadership

CHICAGO, June 21.—William F. McCombs, chairman of the Democratic national committee from 1912 to 1916 and manager of President Wilson's 1912 campaign, issued a statement here tonight before leaving for San Francisco attacking what he characterized as the president's autocratic assumption of authority.

President Wilson, he said, has no more right to call himself leader of the Democratic party, a conception heretofore never entertained by any American, than has Chief Justice White, former Speaker Champ Clark or Vice-President Thomas R. Marshall.

Mr. McCombs announced arrangements had been made to obtain for him a seat in the New York delegation, if he decides to take the floor at San Francisco.

The New York delegation he predicted will throw its support to Gov. James M. Cox of Ohio, after casting a complimentary vote for Governor Smith. He added that he believed a westerner, possibly from the Pacific slope will be nominated for vice president. His statement in part follows:

"They tell me America has pledged its word to Europea and that this word must be redeemed in the process of a national campaign. In my belief, America has pledged itself to nothing. One individual, speaking as such, permitted Europe to believe he spoke for America. But he had no authority to speak for a nation, for in the last analysis he was nothing more than a self-appointed emissary. Nevertheless America is asked to validate this signature affixed abroad, a signature which apparently was accepted in good faith by all the European peoples as absolute.

"Other nations may want a league of nations and it may be that we do. But we do not want to commit ourselves to the league of nations as it was brought back from Paris. It is an international issue but it is a highly debatable queston as to what importance it should have in a national campaign. Ultimately it is a question for the president and the senate to settle."

The statement then declares for reconstruction at home, rehabilitation of railway and international waterway transportaion, and for solution of the high cost of living, "wholly apart from any international affiliations,

It continues:

"When the great war broke out in 1914, naturally America was more or less dazed and was willing to accept any kind of leadership which might draw it thru a possible difficulty. In this moment the chief executive again repeated that he was the leader of his party, a conception heretofore never entertained by any American.

"It was in such manner that for the first time in the history of this country autocracy came into being. It was an autocracy which was questioned but which was accepted by virtue of necessity. Bu this unhappy hour has passed, and at San Francisco we again return to true democracy regardless of place holders and pothunters. We have finished with the fine phrose. This country is determined to act in accordance with its unfailing sense of justice. The indignities of autocracy will never agan be accepted by this nation. This is fundmental and no confusion will be brought about by diplomatic or financial machinations."

From May, 1919, to May, 1920, the greatest increase, 22 per cent was shown in Springfield, Ill. The next largest increase of 21 per cent was in Butte and Chicago. In Peoria the increase was 20 per cent.

Wholesale also advanced during May, the review shows, the "index" in this caase being 2½ per cent over that of April.

"The group of fuel and lighting material again furnished the most notable example of price," the statement says, "due mainly to the recent sharp advance in both hard and soft coal and coke. The index number of the group rose from 213 in April to 235 in May."

OFFICIALS START INVESTIGATION OF CHICAGO RIOTS

Two Killed and Several Injured in Sunday Disorders

PLACE NINE UNDER ARREST

CHICAGO, June 21.—With R. D. Jonas, said to be the white leader of an organization advocating the return of negroes to Abyssinia, Edward Redding and seven negroes under arrest in connection with a riot last night in the Chicago black belt that resulted in the killing of two white men and the wounding of several negroes, police and federal officers began an investigation of the Star Order of Ethiopia, whose members were reported to have participated in the affair.

Jonas, who told the police he was head of the "Modern Educational and Religious Bureau of Washington," denied responsibility, claiming he had been ejected from a meeting of Abyssinians the previous Sunday and had nothing to do with the movement since. According to the police Jonas identified Redding, who was said to pose as an Abyssinian as one of the leaders of a parade in the negro quarter last night and the man who burned an American flag, which act led to the rioting. Redding denied having any part in the disturbance.

The police yere still searching for Joseph F. Vernon who is said to call himself the "Great Abyssinian" and his son.

According to reports they also were leaders of the parade.

According to the police, Jonas came here some tome ago with documents proclaiming him the representative of Abyssinia and authorizing him to encourage racial emigration.

Packages of pamphlets explaining "Egyptian secrets" were taken from Redding.

The inquest into the deaths of Charles Hoyt, a cigar store clerk, and Robert L. Rose, a sailor, victims o fthe riot, was postpnoed until June 26, at the request of the police. Captain Coughlin declared he had three of the men believed to be implicated in the actual shooting under arrest and wanted more time to search for a fourth said to be a negro former soldier.

Following a night of unrest the negro quarter was quiet today.

Several negroes and a white policeman were beaten in minor street fights following the disturbance. Three negro preachers, returning from a church conference at Kankakee were attacked by whites at Sixty Third and Halsted street. A policeman was injured attempting to disperse the mob. Other isolated disturbances occurred but these did not spread.

Great Lakes Naval Training Station officers who ordered all sailors returned to the station were considering barring sailors from Chicago.

While the police were quizzing the alleged leaders of the Abyssinian cult Edward J. Brennan, chief investigator for the department of justice started an inquiry on behalf of the government.

Resolutions denouncing Jonas as a white leader responsible for creating unrest were passed today by several negro organizations. Jonas was identified in New York dispatches as "Rev. Dr. R. J. Jonas, secretary of the League of Darker People." He was reported to have appeared in the interests of the Black Star Line."

Jonas was said to have been the chief speaker Sunday at a meeting to urge Mayor Thompson to become a candidate for president on a third party ticket backed by the "solid Irish and Negro vote."

Thousands of pieces of literature relating to the Abyssinian movement were confiscated in a raid on a garage on the south side. According to the police one leaflet boasted that a standing army of 4,000,000 was in readiness in Ethopia.

State's Attorney Hoyne today received this telegram from New York, signed "Black Star line., Inc., Marcus Garvey, President:"

"From newspaper reports it is apparent that one Grover C. Redding is operating in Chicago under the guise of an Abyssinian and a representative of the colored people. He has often used the name of the Black Star Line corporation in representing himself to the people.

"This man has been operating all over the United States and is a fraud. We have had cause to denounce him in many cities, recently in Boston."

The police said tonight two negro witnesses to the affray identified Redding as the man who killed Rose and Hoyt. The witnesses are employes of a cafe in front of which the shooting took place.

Redding protested that his name was George Brown and that he had just come to Chicago from St. Louis. He said he was a laborer for the street railways.

Jonas admitted to detectives that he was at one time a leader of the Abyssinian movement, but denied any connection with Sunday's parade.

COLBY WILL ACT FOR PRESIDENT WILSON

WASHINGTON, June 21.—Bainbridge Colby, secretary of state on leaving tonight for the Democratic national convention as he will act as one of President Wilson's spokesmen declared he favored endorsement of the league of nations "certainly without any reservations that are nullifying."

Secretary Colby, who will attend the convention as a delegate from the District of Columbia and who has been mentioned for the permanent chairmanship held a conference with the president during the day.

"I don't believe," said Mr. Colby, "that the Versailles treaty with its league of nations covenant requires any interpretative reservations.

"The document is so clear that interpretative reservations can hardly be urged as necessary. However, if reservations or paraphrases will clarify there is no objection to them, but reservations which stultify the main purposes of the league and negative the substance of the covenant are things which no man, solicitious about America's honor can take into his reckoning."

ONE BIG RAILROAD UNION PLANNED BY I.W.W.'S. IS BELIEF

Meeting Called to be Held in Chicago June 29

OFFICIALS ON LOOKOUT

WASHINGTON, June 21.—A call for a convention of railroad workers, to be held at Chicago June 29, to organize a one big union, has been published in the Butte (Mont.) Daily Bulletin, which officials of the department of justice said today they believed and I. W. W. publication.

Orders went out from the department today to its agents in Chicago to keep a strict watch on the proposed meeting for any possible I. W. W. activities in connection with it.

The origin of the call has not yet been determined by government agents.

Leaders of the recognized labor unions and the members of the railroad labor board at Chicago are attacked by the call, which says:

"Modern industry is organized into one big union, which has grouped its financial resources, and practically controls the industry of the country.

"If you are red-blooded enough to stand up and be counted and not afraid to carry out this work, then we want you to send a delegate to the Chicago convention, to be held on June 29, with the express purpose of becoming a part of the one big union. If such is not the case, then don't come and try to offer some compromise proposition, for you will not be seated.

"Throw the labor fakers off your back and get into a labor organization that will be controlled by the rank and file."

Discussing the railroad labor board, the call says:

'If these men, chosen by the president to represent labor, really represent the rank and file we would be outnumbered two to one, we leave it to your judgment what proportion of representation the man in overalls actually has on this board."

The call, as published in Butte, asked those expecting to attend the convention to commicate with E. M. Pride, 225 Northwestern University building, Chicago.

The door of room 225 was locked today.

Painted on it were the legends, "Central Publishing Service," and "Lake Publishing Service."

The superintendent of the building said the office had been rented by three men just before Christmas. He gave their names as E. M. Pride, L. M. Hawver and Alex Cohn. The lessees told him that they were publicity men, he said. The superintendent declared the men were seldom in their office working less than two hours a day, and that very little mail was received there.

Call From Chicago

Butte, Mont., June 21.—The call for a convention in Chicago to organize a one big union of railrad workers, published by the Butte Daily Bulletin, was received by Joseph Clough, secretary of the One Big Union Local of this city, it was declared today. A. F. Whitney, vice-president of the Brotherhood of Railway Trainmen, who conducted the recent fight against striking switchmen, declared the one big union was "distinctly a red movement," and charged that leaders of the seceding rail unions had joined the radical railroad organization.

FARMERS AND THE WHEAT PRICE.

Farmers have won their contention that it cost practically as much to raise a bushel of wheat as the government fixed as the price limit. The department of agriculture after an exhaustive investigation says that the average cost to raise a bushel of wheat is $2.15. Since the government price is $2.26 a bushel, the grain growers seemingly are not allowed a very wide margin of profit.

This report can also be taken to forecast a considerably higher price for the 1920 wheat crop and a corresponding figure for flour.

A GREAT INVENTION, PERHAPS.

A New York inventor, it is said, has just about perfected a machine which will produce a fuel liquid equal in power to gasolene at a cost of 5c a gallon. If this be true there is no use worrying about the reported shortage of petroleum and its by-products, for something far cheaper is in prospect. But the trouble about so many inventions which are nearing completion is that the goal is never reached and the promised benefits never eventuate.

Gov. Lowden still maintains silence as to his political intentions. A conference of state leaders was held in Chicago Monday and it is known that a strong effort is being made to have the governor seek re-election. Because of the attitude of Mayor Thompson of Chicago, a number of these leaders believe that the Lowden candidacy is the only logical course.

REPUBLICAN OPTIMISM.

Senator Albert B. Fall of New Mexico is convinced that the Republicans will win the next election, regardless of whom the Democrats may nominate at San Francisco. "In 1918 the Democratic party was in the strongest possible position," recalls the senator referring to the appeal of the president for the election of a Democratic Congress. "And yet they lost and the Republicans swept into power.

"Now where are they? Their ranks were split in the senate over the issue that Wilson proposes to make paramount in the Democratic convention. They are facing the possibility of a split far more serious than they ever faced before in my judgment. President Wilson has manifestly lost the strong hold over his party and over the country that he had two years ago.

"I think that the sanity, the good old common sense American point of view, is going to impress itself in the hearts of every American, and that it will discount all of the various 'isms' being talked of. If I were running this campaign I would make 'safety first' one of our campaign slogans and put it on every bill board, telegraph pole, fence post and sign in the country."

A TRIBUTE TO HARDING

This is the estimate of Senator Harding which appears in an editorial in the current issue of the National Republic:

"It was no accident that after the battle had been waged between more aggressive and better organized candidates for the Republican presidential nomination, the delegates instnctvely turned to ths man from Ohio.

"Whatever may be said as to the causes of this nomination, it was the first or second choice of more delegates than was any other candidate. There are those who, much concerened as to the immediate future of their country, will believe that the providence which has guided this nation from the beginning, may have had a hand in the shaping of the unexpected circumstances which brot about such unity of sentiment at the crucial moment on behalf of Warren G. Harding as the standard bearer of a party about to be entrusted with responsibility for the conduct of national affiars.

"Harding, of Ohio, better still, of the whole broad U. S. A.: man of the people; stalwart American; with vision and common sense; tried statesman; tested patriot; too honest to be a demagogue; oo forward-looking to be a reactionary; a big enough man for the biggest job in the world at a time when a President measuring up the task before him is essential to the very preservation of the republic. Such is the chosen leader of the party of Lincoln, McKinley and Roosevelt in the most important campaign upon which it has entered since 1860; such a man is the next President of the United States."

THE LEGAL RIGHT TO REMAIN IGNORANT.

The legal right to remain ignorant is annually granted to thousands of children in states where child labor and education laws are backward. According to an account of the administration of the Federal Child Labor Law soon to be published by the Children's Bureau of the U. S. Department of Labor, only 738 children out of 19,696 to whom certificates were issued, or less than 4 per cent, had attended or completed the eighth grade, tho completion of the eighth grade is generally regarded as necessary to secure even the rudiments of an education.

Only one of these five states has a compulsory school law for children up to 16, even when unemployed, and that law permits many exemptions. Both parents and children, through ignorance of the value of schooling, are apt to take advantage of the legal right to dodge an education. In a recent study of school attendance in Cleveland it was found that 2,550 children were so irregular in their attendance at school as to interfere with their studies, and that the reasons for staying out of school were in many cases trivial. Among foreign groups, children were kept at home on bargain or market days to act as interpreters for their mothers.

In addition to lax school attendance laws, three of the five states permit children 16 years old and younger to go to work even if they can not read or write or have never been to school. Two require only that the child applying for work shall have gone to school for a brief period during the preceding year. Among the other states in the United States twenty-three require completion of a specified grade, and twelve more and the District of Columbia require the ability to read and write.

None of the five states where children were granted certificates make any provision for continuation schools in order to make up for defective education in childhood. Only eighteen states in the United States have laws which make such provisions. England under the Fisher Educational act, which went into effect April 1, is rapidly establishing continuantion school thruout the country, and will shortly compel attendance up to the age of 18. Every effort is being made in that country to get teachers with the best training and to arrange suitable couses of study for working children, in order that they may have every opportunity not to grow up illiterate because they have been unfortunate.

GHOSTS.

Some people say that they have talked with ghosts across the river, and with shadows they have walked—which rather makes me shiver. I've seen a weary waste of words, to bolster this contention, and "facts and figures" thrown at birds, too numerous to mention. I do not wish to pierce the veil my ignorance throws o'er me, or see or hear the phantoms pale of dear ones gone before me. My point of view may be a sin, a sign I'm callous-hearted, but I will wait till I cash in to greet the dear departed. Then we can sit around in space, in glowing fields Elysian, and speak our piece face to face, with naught to blur our vision. Perhaps some distant ghost may weep to hear my accents quiver, but what I have to say will keep till I have crossed the river. The men who think and talk of ghosts where hustlers are embattled, by all the busy, buoyant hosts are looked upon as rattled. I do not wish to talk with shades in spectral, vague dominions, till this old world behind me fades and I am wearing pinions.

HOLD SPECIAL VIEWS ON BIBLE PROMISES

R. H. Barber of New York addressed an audience at the David Prince school Sunday afternoon. His theme was, "Millions Now Living Will Never Die." The speaker came to Jacksonville under the auspices of the I. B. S. A. A few paragraphs from the address are given:

Bible students expect that Christ's kingdom will be in full swing by the end of 1925. After which, there will never be any more war, but a thousand years of regeneration, reconstruction, resurrection. In Matt. 24:3 the disciples asked Jesus what would be the sign (evidence) of his presence and the 'end of the world.' Note Jesus' answer; in verse 7 and 8, he mentioned wars, famines and pestilence, as the beginning of sorrows. The great World war, its accompanying famines, and the 'flu' pestilence and amply fulfilled all this. See Dan 12:1.

Other features of trouble are to follow, as we are specifically told that the above was only a 'beginning' of the trouble. When Satan's kingdom is fully overthrown and Christ's kingdom fully established, (Oct., 1925) the resurrection is due to begin. It is self-evident that millions of people now living will survive until 1925. Adamic death will be abolished then, and all who obey the Lord will inherit the earth, everlastingly. All rebels will be cast into the second death (everlasting destruction, Rev. 21:8; 2 Thes. 1:9). All the dead will come forth from the tomb (the Bible hell) gradually during the thousand years and share with the living in these blessings.

George Kulola's Hawaiians

This show comes direct from the Hawaiian Islands and is said to be the most pretentious offering ever brought from the islands to American shores. All the celebrated native singers, instrumentalists and dancers are a part of this offering and is without doubt the most novel organization that has ever been brought to the States. Mr. Kulola is the Lyric tenor, while Kahanooka is the Harry Lauder of the Islands, and Mr. Kealoka is without exception the foremost steel guitar soloist of the islands. Nani is the Hula Dancer and is supreme in the art of Hula Hula-ing. There are many others of like fame, and the entire company consists of singers, dancers, comedians and instrumentalists. The stage setting is a correct reproduction of the estate of one of the Hawaiian Princesses, and is beautiful to say the least.

WHITE HALL SCENE OF MURDER SUNDAY

William Bowen, Hotel Proprietor, Shot and Instantly Killed by John Caldwell—Shooting Occurred While Bowen Was Protecting His Daughter From Caldwell — Funeral Services Wednesday.

Funeral services for William Bowen, who was killed Sunday while protecting his daughter, Mrs. Pearl Johnson, will be held at the Bowen hotel in White Hall, Wednesday at 3 o'clock. Rev. A. J. Johnson will be in charge of the services and interment will be in the White Hall cemetery.

William Bowen, 59 years old, proprietor of the Bowen hotel, was shot and killed in a room in his hotel by John Caldwell, 45, a guest, while he was protecting his daughter, Mrs. Pearl Johnson, 38, at 1:10 o'clock Sunday afternoon.

After shooting and killing Bowen, Caldwell went to the city hall, where he gave himself up to City Marshal Conlee. Caldwell admitted that he had shot and killed Bowen, but refused to make a statement. Later Officer Conlee took the prisoner to Carrollton in an auto and placed him in the custody of the sheriff in the county jail.

Bowen was attracted to Caldwell's room by the screams of his daughter, who for the past five years has been separated from her husband, and who made her home with her father.

When Bowen reached the room he found the door locked. Breaking it down he found Caldwell choking his daughter with one hand and in his other hand he held a revolver.

Bowen Attacks Caldwell

"We will end it all right here," Caldwell said, according to a statement made by Mrs. Johnson.

Bowen attacked Caldwell and rescued his daughter. They struggled about the room for five minutes, Caldwell having fired two shots at Bowen, which missed and embedded themselves in the walls.

Breaking away from Bowen's grip Caldwell fired two more shots, one hitting Bowen in the right shoulder, glancing and causing but a slight flesh wound, and the other entered his left side, penetrating the heart. He died instantly, according to a physician who was called and examined him.

Gave Self In Custody

"You need not bother about calling in the police authorities," Caldwell told Mrs. Johnson. "I will go down to the jail and give myself up."

Mrs. Johnson told the authorities that the attempt upon her life was the result of jealousy. She said that she had refused to continuing going with Caldwell and that he became angry and threatened her.

The coroner's inquest was held at the Bowen hotel during the afternoon. The following witnesses testified substantially as stated above: Mary Bowen, wife of murdered man; Patrick Powers, a boarder at the hotel; Olive Johnson, granddaughter of deceased; and Pearl Johnson, daughter of Bowen.

Verdict of Jury

The verdict was as follows: William Perry Bowen came to his death on the 20th day of June, 1920, by a gunshot wound inflicted by the hands of John Caldwell, alias Charles Gray. We further recommend that the said John Caldwell, alias Charles Gray, be held until duly released according to law. W. V. Rhoads, foreman; J. W. Rose, J. B. Fulton, I. N. Swartwood, J. C. Price, Louis J. Ballard.

John Caldwell, alias Charles Gray, first came to White Hall from Iowa some nine years ago, but has not been here all of the time since. Not much is known about him. For the past few months he has been employed at the White Hall Sewer Pipe and Stoneware company and was a member of the strikers' committee, the men being now out on a strike.

Caldwell had been a guest at the hotel for about a year.

YOUNG WOMAN IS WELL PLEASED WITH SELF NOW

Says Trutona Not Only Gave Her Much Sought Strength But Also Adds to Her Purse.

Peoria, June 21.—"I've gained at least ten pounds since I began taking Trutona, and I feel ten years younger now," says Miss Eleanor Lant, who lives in Peoria, at 209 Knoxville avenue.

"My system had been in a run-down condition for the past five years. All of this time I did nothing but doctor myself, but regardless of this fact I never found anything that would do me any real good. I suffered severely with my back; my liver was out of order and my stomach in about as bad condition. Everything I ate felt like a weight in my stomach. I had suffered so long that I had almost decided I could never get any relief.

"But it's different since I began taking Trutona. After I had finished the first bottle of the Perfect Tonic, I was doing my own washing. Before this I was so nervous I'd go all to pieces if I tried to work. I can eat anything I want to now, and nothing hurts me. I sleep much better at night, too. I wish I had all of the money I spent before I began using Trutona, but I shouldn't complain after the remarkable relief this wonderful medicine has given me. This perfect Tonic has given me what I've been seeking for the past five years—weight and strength."

Trutona is really a medicine of unusual merit. It is unsurpassed as a reconstructive agency, system purifier and body invigorant. It has been declared peerless as a treatment for stomach, liver and bowel troubles.

Trutona is being explained and introduced in Jacksonville by Coover & Shreve and is sold in Franklin by the Wyle Drug Co. and in Waverly by the Wyle Drug Co.—Adv.

Enjoyed Picnic Sunday

Sunday, June 20, being an ideal day for an outdoor gathering, three well-filled cars met at the Oak Ridge church and proceeded to a nearby grove, where a pleasant day was enjoyed. Nearing the noon hour the company journeyed to a shady nook north of Hazel Dell school house, where a most delicious picnic dinner was served. The eatables were numerous, fried chicken being a special feature. In the afternoon all went to the home of Mr. and Mrs. John Baker in Yatesville, where they were joined by other friends. Several exciting games of croquet were played and some group pictures were taken. At the supper hour a cloth was again spread upon the lawn and the good things, yet stored in baskets and boxes, were served. All greatly enjoyed the second picnic lunch. At a late hour all departed, well pleased with the pleasant day. Those in the company were, Mr. and Mrs. John Seegar of Decatur, Mr. and Mrs. W. T. Hardy, Mr. and Mrs. W. E. LEASE ON BUILDING ABOUT TO EXPIRE.

As already mentioned, Lukeman Bros. disposed of their entire sctock of clothing and furnishings Saturday night to a St. Louis firm. Messrs. Lukeman closed out their business because of the necessity of vacating the building. The property was sold a number of months ago to Thomas Duffner and the lease had nearly expired. MYERS BROTHERS WON FROM INDEPENDENTS

Defeats Locals by Score of 4 to 2—Two Bases on Balls by Hamm and Conroy's Triple Spelled Local's Defeat—Contest Was Fast One.

Hamm, Indee southpaw lost his own game in the first inning at South Side park Sunday afternoon when he walked two men and Conroy followed with a triple. Conroy then scored on an error. This was enough to win for the Indees were able to put across but two counters.

The game was a fast one, marked by some excellent fielding on the part of both teams. Ruble completed a double play in the eighth, and during the afternoon the locals made three double killings.

Grady caught a fine game for the Indees. His pegging was deadly and he picked off one visitor at first in neat fashion. After that they hugged the bags like a long lost brother.

After the first inning Hamm pitched a great game. He struck out ten men and allowed but five hits. However, three of these went to Conroy. His first a triple scored two runs and his second hit which was a double, put another across. Thus it can be seen that he won the game almost single handed for the visitors. He had a perfect day at bat, walking once and hitting safely three times out of four trips.

Ford in center pulled down two drives that looked good for extra bases, while W. DeFrates playing third for Springfield picked Fanning's line drive off the bill of his cap thus preventing the tying of the score.

Jansen pitched a good game for Springfield. He was given excellent support by Reifler and his infield and outfield several times saved him by brilliant work. Jansen wavered several times but was always able to pull himself together in the pinches.

Myers Brothers scored these runs in the first inning. Wilkin walked and went to secod on Griffin's sacrifice. McHugh walked and Conroy sent both runners home with a triple to center. He scored a moment later in an error.

In the third the visitors scored their last run. Wilkin was given life on an error. Griffin struck out and McHugh walked. Conroy came thru with a double and Wilkin scored, McHugh taking third. Hamm braced, however, and struck out Ford and W. DeFrates.

The Indees scored one in the third. Hamm was hit by a pitched ball and went to second on Ruble's sacrifice. Christopher was out Jansen to McHugh, Hamm taking third. Briggs came thru with a double and Hamm scored.

Their last run came in the fifth. Christopher flied to Griffin. Briggs singled over second. Fanning singled, Briggs taking second. Grady doubled and Briggs scored. Fanning was caught at the pan by McHugh's relay from Buehler and H. DeFrates was out, W. DeFrates to McHugh. The score:

WHAT IS THE CONDITION OF YOUR BLOOD SUPPLY

Highly Important to Keep it Free From Impurities

Did you know that ninety per cent of all human ailments depend upon the condition of your blood?

Nature gives her warnings in various unmistakable ways, so that when the appetite fails, and you become weak and listless and a general run-down condition seems to take possession of the whole body, it is an unfailing sign that impurities will steadily accumulate until your general health will be seriously affected. You should recognize the importance, therefore, of very promptly cleansing out the system and keeping the blood supply pure and robust.

For the purpose, no remedy can equal S. S. S., the fine old blood purifier that has been in constant use for more than fifty years. Being made from the roots and herbs of the forest, it is purely vegetable, and contains not a particle of chemical or mineral substance.

Get a bottle of S. S. S. at your drug store today and note how promptly it builds up the appetite and gives new strength and vitality. Write for free literature and medical advice to Chief Medical Adviser, 610 Swift Laboratory, Atlanta, Ga.

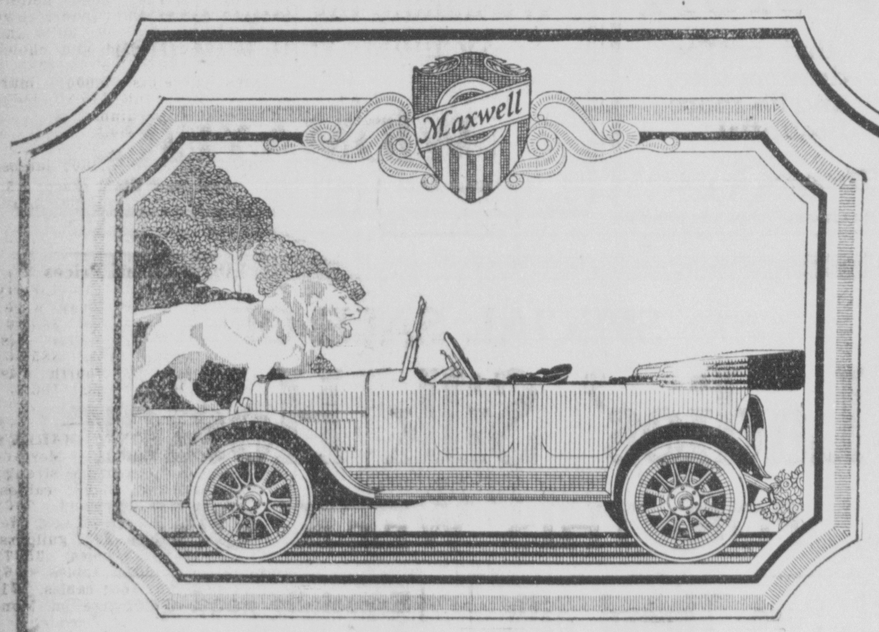
YOU CAN DO IT WITH A REO



An Analysis of the "Road Speed" of a

MAXWELL

is a tribute to its special steels

Men driving larger cars have often wondered at the "road speed" of a Maxwell.

True, in an open straight stretch they have run away from a Maxwell.

But in any "piece of going" in which hills, turns, curves or rough roads enter into the general average, they do not outrun a Maxwell.

The reason for this is the special steels in a Maxwell. They are made to Maxwell's own formulae, and make possible construction combining great strength with light weight.

The lightness of the weight enables a Maxwell to take a turn with more ease and less slowing up, come down a hill under better control, ascend a hill as well, and make more time over a rough piece of roadway.

The strength of its steels enables a Maxwell to stand equally as well, or better, side strains, road unevenness, etc.

In other words, a Maxwell makes speed when a larger car cannot, and thus evens up to a high average its "road speed" without breaking the speed laws.

This ability in a Maxwell is one of many that is winning new friendships daily. Nearly 400,000 of them to date; in another year 500,000.

Daily Market Report

IMPORTANT STOCKS CLOSE IRREGULAR

NEW YORK, June 21.—An unfavorable bank statement, a sudden hardening of money rates, resumption of the railway strike and signs of fresh complications in the eastern European situation were among the burdens imposed upon today's irregular to heavy stock market.

Altho the deficit revealed in last Saturday's statement of the clearing house was primarily due to heavy tax payments and therefore subject to speedy correction the loss of reverses was directly responsible for today's money flurry. Call loans rose to 11 per cent in the last hour, when the market was most reactionary.

The strength of sterling exchange was almost the only constructive development of the session, altho still unsupported by evidence of gold exports from London or the far east.

Shippings, steel and food issues, as presented by the sugar group, contributed mainly to the occasional upward trend of the market. A one-half point advance in Delaware, Lackawana and Western was reduced to two points at the close. Sales amounted to 475,000 shares.

Liberty bonds were irregular, but internationals and the domestic list as a whole eased fractionally. Sales, par value, aggregated $11,450,000. Old U. S. 4s rose ; per cent on call.

CORN REACHES NEW HIGH PRICES

CHICAGO, June 21.—Breaking of high price records for the season continued today in the corn market despite aggressive selling. The new upturn of values appeared to be due chiefly to the fact that receipts were much smaller than had been looked for. There was an unsettled finish at ⅛c to 1¼c net advance, with July $1.82⅛ to $1.82¼, and September $1.72 to $1.72¼. Oats closed unchanged to ¼c higher. Provisions lost 5c to 10c.

Bulls in corn had the advantage throughout the day, except at the opening. Weakness at the outset was occasioned by fresh strike troubles on eastern railroads and by consequent embargoes against freight shipments. Active commission house buying, however, found the market responsive, and the general trend was upward.

Favorable crop reports kept the oats market relatively easy. Lower quotations on hogs weakened provisions. Packers were sellers and gave special attention to lard.

ALDERMAN CAIN IS MAYOR PRO TEM

Third Ward Alderman Chosen in Absence of Mayor Crabtree—Council Recommends New High School be Connected With North Fayette Sewer.

Ald. Cain of the Third Ward was elected Mayor Pro Tem at the regular meeting of the city council held Monday evening. Ald. Chapin also was placed in nomination but withdrew in favor of Ald. Cain. The latter will serve during the absence of Mayor Crabtree who is attending the meeting of Rotary clubs in Atlantic City.

The council also took action in the matter of the sewer connection for the new high school building. The council instructed the clerk to write the Board of Education recommending that the connection be made in the North Fayette street sewer.

J. W. Rynders who was appointed special policeman and given custody of the Reed and Henry lot in East Morgan street which has been placed in condition for the parking of automobiles, tendered his resignation, which was accepted.

Superintendent of Streets White reported that steps were being taken to repair the old walks in front of the Ricks, Batz and Williamson buildings in West State street. Wr. White said he was opposed to the old stone being used as they were dangerous.

The council took action by referring the matter to the highway committee and the city attorney with power to act.

When the clerk called the roll it showed all aldermen present except Ald. Moore and Williamson. In the absence of Mayor Crabtree the clerk announced the first order of business was the election of a mayor pro tem.

Ald. Cain and Ald. Chapin were placed in nomination. Ald. Chapin, however, withdrew in favor of Ald. Cain and the latter was chosen and took the chair. The minutes of the previous meeting were read and approved.

Claims against the city were presented and all those properly approved were ordered paid, the motion being made by Ald. McGinnis and seconded by Ald. Ehnie.

NAME QUARANTINE OFFICER

Ald. Ehnie reported that an officer from the state health department had been in the city the past week investigating the small pox situation. The officer had recommended that a special quarantine officer be appointed.

Acting on the recommendation Ald. Ehnie said that James Holt had been appointed to serve until the situation gets better.

Mayor Pro Tem Cain said that the officer was doing good work and he believed that with strict rules the epidemic of contagious diseases would soon decrease. In this connection Mr. Cain also reported that the city attorney had given an opinion that the county was liable for all expense contracted in the quarantining of contagious diseaeses.

Ald. Williamson came in at this time and took his place in the council.

Ald. Ehnie seconded by Ald. McGinnis offered a motion that the clerk be instructed to ascertain the amount of all quarantine bills paid by the city and give them to the city attorney to file with the county clerk. The motion carried by a unanimous vote.

Ald. McGinnis, chairman of the public improvement committee said he was glad to report that Otis Hoffman had commenced to build walks for which he had contracts.

The bond of James Holt, special quarantine officer in the sum of $500 with W. H. Jenkinson and W. H. Dalton as sureties was presented and approved and placed on file.

Ald. Ehnie spoke of the report made at the last meeting of the city council relative to S. G. Chumley failing to have lights on material placed in the streets adjacent to the Zahn garage. The alderman said Mr. Chumley told him that he always had the proper lights and tha the saw to the placing of them himself.

Ald. Williamson, chairman of the highway committee, said that Mr. Tindall of South Main street had asked for permission to cut down the grade to construct a driveway into his property in South Main street. As the work would all be inside the property line Ald. Williamson said he had told him there would be no objection.

HIGH SCHOOL SEWER CONNECTION

Ald. Chapin at this time brought up the matter of the sewer connection for the new high school building. The alderman said that he had found upon investigation that the West State street sewer was about on a level with the bottom of the basement of the new building.

In view of this fact he believed that the connection should be made in the North Fayette street sewer. He said there was a fall of two feet by using the North Fayette street sewer and he believed the board would get better results from that source.

On motion of Ald. Chapin seconded by Ald. Williamson the clerk was instructed to write the Board of Education that the council recommended the connection be made in the North Fayette street sewer. The motion carried.

On the recommendation of Ald. McGinnis the engineer was instructed to draw an ordinance for the building of a sidewalk on the east side of Caldwell street from Lafayette avenue to the Wabash railroad.

WEST STATE STREET WALKS

Superintendent of Streets White said that work had been commenced to repair the walks in front of the buildings in Wste State street owned by Mrs. Ricks, William Batz and the Williamson estate.

Mr. White said that when he found they contemplated using the old flag stones he had told the man in charge that he would have to get permission to do the work. However, he had notified the clerk not to issue a permit as he did not believe the work should be done unless it was a new job of reinforced concrete.

In this connection Mr. White told of the bad condition of the walks in question and also the walks in front of the old Ayers block now owned by William Kitner. He thought some steps should be taken to condemn these walks and build new ones. The matter was referred to the highway committee and the city attorney with power to act.

J. W. Rynders who had been appointed custodian of the lot for parking automobiles in East Morgan street and given the power of special policeman was present and tendered his resignation. Mr. Rynders said that people did not seem to want to use the lot.

L. R. Craig, representing the Automobile Dealers' Association, was present and told the council the association was ready to assist the council in any way possible.

There being no further business the council on motion adjourned.

MET WITH ACCIDENT

Miss Dorothy Hankins met with a painful accident Saturday evening. She and her sister Julia were driving in an auto with a friend when the driver, blinded by the lights of another car, failed to see a crossing and the car went into a ditch. The young woman was thrown against the wind shield, receiving several gashes about the face and nose. Dr. H. H. Fletcher was called to give the necessary attention and found that several stitches were necessary. None of the other occupants of the car were injured.

A PLEASANT REUNION.

Fifty years ago twelve young men graduated with honor from Wesleyan university at Bloomington and last year the five survivors held a reunion at the institution. Three were formerly from this vicinity and well known here. They were M. L. Keplinger, a prominent attorney at Carlinville; D. N. Caldwell, attorney of Wellington, Kan.; Micajah Van-Winkle, retired farmer and banker of Waverly. All born in the vicinity of Franklin and grew to maturity in this region. It was rather remarkable that there were so many survivors and that they could all get together. They enjoyed greeting each other and discussing old times and telling stories of their enterprises since graduation.

PYTHIANS MET FOR MEMORIAL SERVICES

Listened to Helpful Sermon by Rev. W. H. Marbach Sunday Morning.

The Knights of Pythias memorial service was held Sunday morning at State Street Presbyterian church. The musical program was noteworthy and the sermon by Rev. W. H. Marbach made the occasion impressive. The minister mentioned the names of the Pythians who died during the year, Lloyd Suiter, Charles B. Graff, and Richard Pyatt. The order of service was as follows:

Processional—Mrs. Bullard.
Doxology—Congregation.
Responsive reading of first, second and fourth Psalms.
Prayer—Rev. W. H. Marbach.
Violin solo—Prof. Kritch.
Scripture lesson—The Sermon on the Mount.
Hymn, "Blest be the Tie"—Congregation.
Offertory.
Vocal solo—Clayton Quast.
Sermon, "Establish Thou the Works of Our Hands"—Rev. Mr. Marbach.
Hymn, "Onward Christian Soldiers"—Congregation.
Recessional—Mrs. Bullard.

INDIVIDUAL INFLUENCE

For his sermon, Mr. Marbach took part of the 90th Psalm: "Establish thou the work of our hands, oh Lord; the work of our hands establish thou it." The minister spoke of the evidences on every hand that men and women do not wish to be forgotten. He said: "They evidence this instinctively. The feeling comes perhaps because nothing seems to be stable. Civilization, political parties, organizations pass away and are forgotten. But the influence of the individual life continues and there is no life so insignificant tha tit fails to count.

"In this world there are just two ways to build, one upon the rock and the other upon the sand. If character is founded upon a rock there is no question about the memory of that life.

"Falst standards, false philosophies, perish from the earth but those things that are true and worth while live on. A few good men can permeate a whole city, can have a definite influence upon a great organization.

"The times emphasize the need for right living, right thinking, men of chraracter and strength. 'No man liveth to himself and no man dieth to himself.' A good life, makes its memory certain."

PROBATE COURT

In the estate of J. L. Rutherford, final report was approved.

In the matter of the pavement of South Main street, petition was presented for certificate showing the completion of the work. The hearing was fixed for July 12. A like order was made with reference to the pavement on East State street.

In the estate of Catherine House, petition for the probate of the will was heard and it was admitted.

In the estate of Harriet E. Deatherage, petition for the probate of the will was filed and the will was admitted. Letters testamentary were ordered to issue to H. L. Turner.

Objections to taxes were made by the several railroads in Morgan county. After hearing evidence Judge Samuel continued the cases to June 23. One objection filed by the Burlington was to the item: "For building, constructing and maintaining road and bridges." It was maintained that the amount required for each of the purposes suggested should be listed separately.

Another tax item is: "For salaries of deputies of county officers, $5,000." The railroad objected to this on the ground of its indefiniteness and uncertainty. Objection was also made to the community high school tax and a number of technical objections were urged.

At the evening hour a cantata, entitled, "The Carnival of the Flowers," was given to an audience that taxed the capacity of the church to the limit and was pronounced one of the best presented in years. An offering was taken for the cause of education that amounted to $15.00.

TWO OLD TIME ARTICLES.

There were brought to the store of Andre & Andre yesterday to be packed for shipment two old time articles once the property of Mr. and Mrs. T. Rice Smith of this city. One was a ponderous volume, more than six inches thick and containing more than 1600 pages. It was the word of God and called "Devotional Family Bible with Explanatory Reflections on each verse of the new testament and marginal reference by Rev. T. T. Fletcher." The lids were very heavy and the whole volume was immense.

In it at various places Mrs. Smith had pasted slips, one an account from the Journal of the terrible cold of January 29, 1873 when the mercury went to 39 below.

Another article was a wooden clock 110 years old and very quaint. The works were of wood, curious old wheels and really they kept time very well in their day. There was a small mirror in the bottom of the front part of the case and the article was evidently one which had seen much usage.

MOVING TO PETERSBURG.

Robert Reid, his wife and little daughter, Roberta, are leaving today for Petersburg, where Mr. Reid hos purchased the photographic studio of Milton Jackson—also formerly a Jacksonville boy—who is going south on account of his wife's health. Mr. and Mrs. Reid were desirous of remaining in Jacksonville and it is with regret they leave their many frends here, but the business which he has taken over is a particularly good one, and when the opening offered he did not feel that they could afford to turn it down.

Those who knew Mr. Jackson here, know that his excellent work, his energy and business ability have gained for him a high place among the business men of Petersburg, and since we must lose another of our business young men, we are glad to know that Mr. Reid has been able to take advantage of so good an opening. The artistic excellence of the work done in the Reid studio here while under Mr. Reid's management, is a guarantee for the quality of his work in the future, and we wish him all deserved success in his new field.

AN OBERLIN CARAVAN.

Yeserday morning a caravan of autos from Oberlin, Ohio, and bound for the far west drove into the city. They were "manned" by a charming bevy of young ladies clad in khaki suits with baggy trousers so that they could get about with ease. They were a merry crew and only remained long enough to get supplies and then hastened on their way.

A PLEA FOR THE CHILDREN.

During the recent heat wave, when everyone was feeling as if they had exhausted their endurance, how many turned their thoughts toward their fellow human beings in the heart of the big cities? To these, who know nothing but the blistering heat of the pavements, the unshaded glare of the sun and the stifling squalor of tenement rooms, Jacksonville with her green lawns, shade trees, and comfortable homes, would seem indeed a wonderful place. There are not many people here who do not respond to the various calls for aid which meet them, constantly. Now comes a new call from very near home. Chicago United Charities is asking the people of Jacksonville and vicinity, to take into their homes one or more children from the heart of that city, for two weeks this summer. These little ones, clean and properly dressed will be brought here by an attendant and placed by a special committee of Secial Service league workers. The mere change to a comfortable home, wholesome food and kind treatment will be a wonderful and never to be forgotten treat to each small guest. Think this over will it not benefit you to have grasped such a chance? "Inasmuch as ye do it to the least of these ——" The league wishes to place twenty children. Anyone ready to respond please ring up Illinois 26 or Illinois 50-1195 for further particulars.
